1910 CENSUS INDEX - INDIVIDUAL

1

2

The image is a dark, grainy, black and white photograph. It features a prominent grid-like pattern, likely from a window blind or a similar textured surface. The grid consists of horizontal and vertical lines that create a series of rectangular cells. The overall image is heavily degraded with significant noise, including speckles and streaks. A small, bright, circular light source is visible on the right side, near the bottom. The lighting is uneven, with some areas appearing slightly brighter than others, particularly towards the right edge.
